Project Work:

“Study of Cricket statistics based on Indian Premier League (2008-19)”

- **Software:** MS-Excel, MINITAB 18, R-Software
- **Tools:** Logistic Regression Analysis, Tests for association between Attributes, Testing of Hypothesis, Pareto Analysis, Data Representation, Visualization, Pivot Table
- **Results:**
 - Match winning is associated with the Toss Decision.
 - Most of the team prefer to choose field first after winning the toss.
 - The score of any team in powerplays and middle overs affects the outcome of the match significantly while toss winning, toss decision and home ground are not significant.
