Project:

Topic: Online Shopping Habits in Dhule City.

Based on the primary data the objective was to study the impact of education on online shopping and also to study which mode of payment people usually prefer. For this we used tools such as graphical analysis, ANOVA, chi squared test. We carried out the analysis in excel and R software.

Co-curriculum activities:

- Participated in Poster and Quiz Competition at college level.
- Participated in Avishkar at University level held at KBCNMU.

Certification:

- Python for Beginners: Great Learning.
